

9. Muscles

Marguerite Butler

2025-10-22

Pre-class materials

i Read ahead

Before class, you can prepare by reading the following materials:

1. Muscle Discussion [[discussion & reading assignment](#)]

Announcements/Reminders

- [[HW 4](#)] due Friday 10/24 at start of class
- Do discussion TEAMMATES eval, released each Friday, due by Monday.
- Design 2 draft due by Monday at midnight see resources, FAQs on [[Schedule](#)] or under Projects Tab.
 - I strongly recommend you submitting your calculations to me by Friday (10/24) or ASAP so that I can review your work before you complete the draft. Just put it in the Draft folder, labelled, and shoot me a DM on Discord letting me know it's there.
 - CALCULATIONS: Write out what you are doing in a few words, the equations with all parameters defined and cited on the right hand side of the page, and show your work.
 - Herbivore diets - please show it in two parts: (1) the VALUES you obtained from sources, including the %DM, (2) the final Nutrient % of fresh food used in your model after adding back water, etc.
- Peer critique of Design 2 due Wednesday next week by email to 2 authors and myself.

Week 9 Discussion Groups

Group	Partner 1	Partner 2	Partner 3
